

ELBJAZZ IN THE PORT OF HAMBURG 3 + 4 June 2022

Ever since 2010, ELBJAZZ has docked at the Port of Hamburg in early summer – to bring the sound of great artists to the maritime stages: on the shipyard grounds of Blohm+Voss and in the sophisticated Elbphilharmonie.

On 3 and 4 June 2022, ELBJAZZ will once again transform the Port of Hamburg into a melting pot for live music over two days. Amidst the urban-maritime scenery of Hamburg, unique venues such as the Blohm+Voss shipyard and the Elbphilharmonie concert hall with the adjacent Hafencity district will form the centrepieces of the festival. Around 50 concerts with national and international jazz acts will represent a contemporary music programme.

From the outset, the term jazz has been understood at ELBJAZZ not as a specific genre, but as a question of attitude; stylistically, the field is open. The programmatic range is very large again this year: from swing, funk and soul to hip-hop, vocal, piano and fusion jazz to pop and folk, everything is represented musically.

As a trend-setting beacon among nationwide jazz festivals, ELBJAZZ presents world stars and heritage artists such as US singer Melody Gardot, Miles Davis guitarist and Grammy winner John McLaughlin with his all-star band The 4th Dimension, Sweden's best-known jazz musician and crowd favourite Nils Landgren with his Funk Unit, US vocal talent Judi Jackson, the Moka Efti Orchestra feat. Severija – known to many from the hit TV series "Babylon Berlin" –, Thomas D & The KBCS, Web Web x Max Herre, singers Youn Sun Nah and Lady Blackbird, exciting acts such as YĪN YĪN, Spirit Fest, Golden Dawn Arkestra and Ranky Tanky, up-and-coming talents such as The Mauskovic Dance Band and Bobby Rausch, and many more.

The musical programme will be presented on a total of six different stages, located south of the Elbe on the Blohm+Voss shipyard site (Open Air Main Stage, Open Air Stage “Am Helgen”, Shipbuilding Hall) and north of the Elbe in HafenCity (Elbphilharmonie Grand Hall, “HfMT Young Talents” – Elbphilharmonie forecourt, St. Catherine’s Church).

The musical programme will be rounded off by a varied supporting programme consisting of various workshops, talks and an after-show at the Mojo, among other exciting things.

During ELBJAZZ, the two centrepieces of the festival – the Blohm+Voss shipyard and HafenCity – can be reached by exclusive ferries and bus shuttles and are connected in both directions. Visitors can thus commute between the Elbphilharmonie and the other venues, or walk through the Old Elbe Tunnel to get from Landungsbrücken to the southern side of the Elbe and thus directly to the Blohm+Voss shipyard site in just a few minutes.
